Subject index

abdominal malignancy, How valuable is ascitic cytology in the detection and management of malignancy?, **292**
abdominal trauma, Late small bowel obstruction after blunt abdominal trauma, **57**
aborted sudden death, Aborted sudden death in a young male, **660**
abscess, Role of microbiological investigations in the management of non-perineal cutaneous abscesses, **519**
absorption, Systemic absorption of FD&C blue dye associated with patient mortality, **602**
abstinence, Abstinence under fire, **365**
acromegaly, Modern treatment of acromegaly, **189**
activated protein C, Drotrecogin alfa (activated): a novel therapeutic strategy for severe sepsis, **5**
acute chest pain, Cost effective strategy to risk stratify acute chest pain cases at a district general hospital, **485**
acute chest syndrome, Pulmonary manifestations of sickle cell disease, **384**
acute coronary syndrome, Cost effective strategy to risk stratify acute chest pain cases at a district general hospital, **485**
acute myocardial infarction, The electrocardiogram in ST elevation acute myocardial infarction: correlation with coronary anatomy and prognosis, **490**
acute psychosis, Recurrent autumnal psychosis, **239**
adenoid cystic carcinoma, Mass in the ear canal, **300**
adenoma, Malignant potential in a Brunner's gland hamartoma, **416**
adolescence, Unusual cause of infective discitis in an adolescent, **237**
adrenocortical carcinoma, Cushing's syndrome due to an adrenocortical carcinoma, **466**
adverse drug reaction, Phenytoin and carbamazepine cross reactivity: report of a case and review of literature, **703**
Recurrent aseptic meningitis due to different non-steroidal anti-inflammatory drugs including rofecoxib, **295**
Severe relapsing sulphonylurea-induced hypoglycaemia: a diagnostic and therapeutic challenge, **120**
AIDS, An interesting case of hemiparesis, **356**
Is there an epidemic of HIV/AIDS among heterosexuals in the USA?, **444**
alcoholic liver disease, Autonomic neuropathy in patients with hepatic cirrhosis, **408**
allergic fungal sinusitis, Proptosis in an asthmatic patient, **710**
ambulatory laparoscopy, Feasibility and safety of day care laparoscopic cholecystectomy in a developing country, **284**
anaemia, Iron deficiency anaemia: are the British Society of Gastroenterology guidelines being adhered to?, **226**
Recombinant erythropoietin in clinical practice, **367**
analgesia, Assessment and management of pain in infants, **438**
ancillary techniques, Serous effusions: diagnosis of malignancy beyond cytomorphology. An analytic review, **569**
androgen ablation, Prostate cancer management: (1) an update on localised disease, **575**
Prostate cancer management: (2) an update on locally advanced and metastatic disease, **643**
aneurysm, Bilateral popliteal aneurysms complicating adult polycystic kidney disease in a patient with a marfanoid habitus, **474**
Angelchik prosthesis, An unusual cause of persistent vomiting, **178**
angina, Management of stable angina, **332**
angioplasty, Effects of diltiazem on platelet activation and cytosolic calcium during percutaneous transluminal coronary angioplasty, **522**
angiotensin II antagonists, Drug therapy in chronic heart failure, **634**
angle closure, Red eyes, reduced vision, and vomiting, **542**
anisocoria, Pupillary evaluation for differential diagnosis of coma, **49**
anthrax, Bacillus anthracis diversity in the Far East of Russia, **485**
antibiotic resistance, Pneumonia due to antibiotic resistant *Streptococcus pneumoniae* and *Pseudomonas aeruginosa* in the HAART era, **691**
antiphospholipid syndrome, Migraine, memory loss, and "multiple sclerosis". Neurological features of the antiphospholipid (Hughes') syndrome, **81**
Sneddon's syndrome: additional neurological feature in antiphospholipid (Hughes') syndrome, **550**
antiretroviral therapy, HIV viral suppression in the era of antiretroviral therapy, **36**
aortic aneurysm, Aortic aneurysm replacement with Dacron graft in a 34 year old man. How long will the graft last?, **348**
"Question mark" aorta, **121**
aortic arch anatomy, Anomalous aortic arch anatomy: three dimensional visualisation with multislice computed tomography, **167**
aortic dissection, Three channelled aortic dissection, **532**
aplastic crisis, Acute severe anaemia in an elderly patient with hereditary sphaerocytosis, **244**
appraisal, Assessment of basic surgical trainees: can we do more?, **289**
arsenic, Acute and chronic arsenic toxicity, **391**
arterial revascularisation, Total arterial revascularisation as a primary strategy for coronary artery bypass grafting, **43**
arthritis, Urinalysis for interleukin-8 in the non-invasive diagnosis of acute and chronic inflammatory diseases, **159**
arthroplasty, Role of frozen section histology in diagnosis of infection during revision arthroplasty, **590**
ascites, How valuable is ascitic cytology in the detection and management of malignancy?, **292**
aspiration, Spontaneous pneumothorax: use of aspiration and outcomes of management by respiratory and general physicians, **345**
assessment, Assessment of basic surgical trainees: can we do more?, **289**
asthma, Management of asthma in adults: current therapy and future directions, **259**
Results of a programme to improve house staff use of metered dose inhalers and spacers, **221**
atherosclerosis, Mechanisms of oxidative stress and vascular dysfunction, **195**
atrial fibrillation, Emergency management of atrial fibrillation, **313**
Present treatment options for atrial fibrillation, **67**
Ventricular fibrillation during electrical cardioversion of pre-excited atrial fibrillation, **297**
Atropa belladonna, Recurrent autumnal psychosis, **239**
audit, An audit of job application forms in response to adverts in the *British Medical Journal,* **117**
autonomic dysfunction, Autonomic neuropathy in patients with hepatic cirrhosis, **408**
autonomic neuropathy, Autonomic neuropathy in patients with hepatic cirrhosis, **408**

B12, Oral vitamin B12 can change our practice, **218**
bacterial vaginosis, Urogenital infections in women: can probiotics help?, **428**
bartonella, From trench fever to endocarditis, **655**
BCG, Paediatric tuberculosis, **272**
behavioural change, Evolution of diabetes medical nutrition therapy, **30**
benign clear cell tumour, A rare cause of wheeze in a young adult, **543**
bilateral diaphragmatic weakness, A case of severe, unexplained breathlessness, **662**
bilateral internal thoracic artery, Total arterial revascularisation as a primary strategy for coronary artery bypass grafting, **43**
bile duct stones, Treatment options for common bile duct stones, **178**
biotechnology, Clinical challenges posed by new biotechnology, **65**
bisphosphonates, Prostate cancer management: (2) an update on locally advanced and metastatic disease, **643**
bladder diverticulum, Middle aged man with groin pain, **179**
bleeding, Drotrecogin alfa (activated): a novel therapeutic strategy for severe sepsis, **5**
β-blockers, Drug therapy in chronic heart failure, **634**
blood borne pathogen, Post-exposure prophylaxis for blood borne viral infections in healthcare workers, **324**
blue rubber bleb nevi, Technetium-99m labelled red blood cell blood pool imaging versus contrast venography in a patient with extensive blue rubber bleb naevi, **538**
bone density, Performance of clinical referral criteria for bone densitometry in patients under 65 years of age assessed by spine bone mineral density, **581**

bone mineral density, Comparative study of bone mineral density, calcium, and vitamin D status in the Gujarati and white populations of Leicester, **279**
BookPower, BookPower, **670**
brachial neuritis, A case of severe, unexplained breathlessness, **662**
brachial plexus injury, Brachial plexus injury as an unusual complication of coronary artery bypass graft surgery, **84**
brachytherapy, Prostate cancer management: (1) an update on localised disease, **575**
Prostate cancer management: (2) an update on locally advanced and metastatic disease, **643**
bradycardia, Regional survey of temporary transvenous pacing procedures and complications, **463**
brain abscess, Multiple brain abscesses in a patient with bilateral pulmonary arteriovenous malformations and immunoglobulin deficiency, **597**
breast asymmetry, Iatrogenic injury to the breast bud causing breast hypoplasia, **235**
breastfeeding, Single megadose vitamin A supplementation of Indian mothers and morbidity in breastfed young infants, **397**
breathlessness, A case of severe, unexplained breathlessness, **662**
An elderly man with chest pain, shortness of breath, and constipation, **180**
Breathlessness in hospitalised adult patients, **681**
bronchoalveolar lavage fluid, Cellular profile of bronchoalveolar lavage fluid in Turkish miners, **527**
Brugada syndrome, Aborted sudden death in a young male, **660**
Brunner's gland hamartoma, Malignant potential in a Brunner's gland hamartoma, **416**

calcinosis cutis, An unusual cause of a discharging sinus, **420**
calcium, Comparative study of bone mineral density, calcium, and vitamin D status in the Gujarati and white populations of Leicester, **279**
Effects of diltiazem on platelet activation and cytosolic calcium during percutaneous transluminal coronary angioplasty, **522**
Caldicott guardian, What is a Caldicott guardian?, **516**
carbamazepine, Phenytoin and carbamazepine cross reactivity: report of a case and review of literature, **703**
cardiology, Cardiology update, **605**
cardiomyopathy, Clozapine associated dilated cardiomyopathy, **412**
cardioversion, Present treatment options for atrial fibrillation, **67**
Ventricular fibrillation during electrical cardioversion of pre-excited atrial fibrillation, **297**
carpal tunnel syndrome, Primary care management of carpal tunnel syndrome, **433**
cassava, Tropical chronic pancreatitis, **606**
cellular component, Cellular profile of bronchoalveolar lavage fluid in Turkish miners, **527**
cerebral calcification, A child with growth failure, **357**
chemotherapy, Completion of the audit cycle: standardised nurse-led information for patients, **652**
chest pain, An elderly man with chest pain, shortness of breath, and constipation, **180**
chest pain observation unit, Cost effective strategy to risk stratify acute chest pain cases at a district general hospital, **485**
chest radiographs, Chest radiographs in the emergency department: is the radiologist really necessary?, **214**
Chilaiditi's syndrome, An elderly man with chest pain, shortness of breath, and constipation, **180**
childbirth, Fear of pregnancy and childbirth, **505**
Holistic obstetrics: the origins of "natural childbirth" in Britain, **168**
childhood tuberculosis, Paediatric tuberculosis, **272**
cholestasis, Deep jaundice in an adolescent, **544**
chronic bullous dermatosis, Chronic bullous dermatosis of childhood, **437**
chronic fatigue syndrome, Phantom lymphadenopathy. An association with chronic fatigue syndrome, **185**
Phantom lymphadenopathy. An association with chronic fatigue syndrome, **59**
chronic heart failure, Drug therapy in chronic heart failure, **634**
chronic liver disease, Autonomic neuropathy in patients with hepatic cirrhosis, **408**
cirrhosis, Autonomic neuropathy in patients with hepatic cirrhosis, **408**
clinical applications, Recombinant erythropoietin in clinical practice, **367**
clozapine, Clozapine associated dilated cardiomyopathy, **412**
coagulation, Drotrecogin alfa (activated): a novel therapeutic strategy for severe sepsis, **5**
coeliac disease, Retrospective audit of the value of the pancreolauryl test in a district general hospital, **471**
colitis, Urinalysis for interleukin-8 in the non-invasive diagnosis of acute and chronic inflammatory diseases, **159**
colon, Laparoscopic colon resection with intraoperative polyp localisation with high resolution ultrasonography coupled with colour power Doppler, **533**
colonic strictures, An unusual cause for a colonic stricture: a case of *Mycobacterium xenopi* mimicking malignancy, **705**
colorectal cancer, An industry based approach to colorectal cancer screening in an asymptomatic population, **646**
Patients' views on follow up of colorectal cancer: implications for risk communication and decision making, **403**
Commission for Health Improvement, What is the Commission for Health Improvement?, **303**
computer aided surgery, Image guided navigation system—a new technology for complex endoscopic endonasal surgery, **686**
condom, Abstinence under fire, **365**
confidentiality, Ethical problems in clinical practice, **151**
congenital renal anomaly, Congenital renal anomaly in a patient with situs inversus, **355**
consciousness disturbance, Pupillary evaluation for differential diagnosis of coma, **49**
conservative management, Primary care management of carpal tunnel syndrome, **433**
constipation, Management of childhood constipation, **616**
contraception, Abstinence under fire, **365**
contrast venography, Technetium-99m labelled red blood cell blood pool imaging versus contrast venography in a patient with extensive blue rubber bleb naevi, **538**
coronary anatomy, The electrocardiogram in ST elevation acute myocardial infarction: correlation with coronary anatomy and prognosis, **490**
coronary artery bypass grafting, Brachial plexus injury as an unusual complication of coronary artery bypass graft surgery, **84**
Total arterial revascularisation as a primary strategy for coronary artery bypass grafting, **43**
corticosteroids, Intra-articular therapy in osteoarthritis, **449**
court justice clinicians, Effects of the civil procedure rules on clinical negligence claims, **74**
Cushing's disease, Do I need to be an endocrinologist to diagnose Cushing's disease?, **426**
Cushing's syndrome, Cushing's syndrome due to an adrenocortical carcinoma, **466**
"Osler's phenomenon": misdiagnosing Cushing's syndrome, **594**
cyanocobalamin, Oral vitamin B12 can change our practice, **218**
cyclophosphamide, Hyponatraemia in a woman with a pelvic mass, **61**
cystic fibrosis, Impact of respiratory viral infections on cystic fibrosis, **201**
cytology, How valuable is ascitic cytology in the detection and management of malignancy?, **292**
Serous effusions: diagnosis of malignancy beyond cytomorphology. An analytic review, **569**

Dacron graft, Aortic aneurysm replacement with Dacron graft in a 34 year old man. How long will the graft last?, **348**
day care surgery, Feasibility and safety of day care laparoscopic cholecystectomy in a developing country, **284**
D-dimer, Cost effective strategy for a safe diagnosis of deep vein thrombosis at a district general hospital, **363**
deadly nightshade, Recurrent autumnal psychosis, **239**
deep vein thrombosis, Cost effective strategy for a safe diagnosis of deep vein thrombosis at a district general hospital, **363**
demyelination, Acute disseminated encephalomyelitis, **11**
densitometry, Performance of clinical referral criteria for bone densitometry in patients under 65 years of age assessed by spine bone mineral density, **581**
dermatomyositis, A bed bound patient, **418**
developing countries, BookPower, **670**
development, History of the development of geriatric medicine in the UK, **229**
development planning, Future of primary healthcare education: current problems and potential solutions, **553**
developmental disability, Psychopharmacological treatments in persons with dual diagnosis of psychiatric disorders and developmental disabilities, **139**

diabetes, An informative tattoo, **402**
An unusual cause of peripheral neuropathy in a diabetic patient on dialysis: "a sural surprise", **477**
Diabetic ketoacidosis in pregnancy, **454**
Evolution of diabetes medical nutrition therapy, **30**
Low HbA1c levels in a poorly controlled diabetic, **418**
diabetes mellitus, Abdominal pain and vomiting in an elderly diabetic woman, **709**
Inpatient management of diabetes: survey in a tertiary care centre, **585**
diltiazem, Effects of diltiazem on platelet activation and cytosolic calcium during percutaneous transluminal coronary angioplasty, **522**
direct inguinal hernia, Middle aged man with groin pain, **179**
dislocation, A misdiagnosed potentially dangerous shoulder injury, **357**
district general hospital, Are district general hospital patients with unstable angina at a disadvantage?, **93**
diuretic resistance, Mechanisms and management of diuretic resistance in congestive heart failure, **268**
diuretics, Mechanisms and management of diuretic resistance in congestive heart failure, **268**
D-lactate, D-lactic acidosis secondary to short bowel syndrome, **110**
D-lactic acidosis, D-lactic acidosis secondary to short bowel syndrome, **110**
doctor-patient communication, Time for humanity from doctors towards patients, **667**
Dominica, Hospital admissions for human T-cell lymphotropic virus type-1 (HTLV-1) associated diseases in Dominica, **341**

holistic medicine, Holistic obstetrics: the origins of "natural childbirth" in Britain, **168**
horseshoe kidney, Congenital renal anomaly in a patient with situs inversus, **355**
Horton's arteritis, Giant cell arteritis, **511**
hospital admission, Hospital admissions for human T-cell lymphotropic virus type-1 (HTLV-1) associated diseases in Dominica, **341**
house staff, Results of a programme to improve house staff use of metered dose inhalers and spacers, **221**
Hughes' syndrome, Migraine, memory loss, and "multiple sclerosis". Neurological features of the antiphospholipid (Hughes') syndrome, **81**
Sneddon's syndrome: additional neurological feature in antiphospholipid (Hughes') syndrome, **550**
human T-cell lymphotropic virus type, Hospital admissions for human T-cell lymphotropic virus type-1 (HTLV-1) associated diseases in Dominica, **341**
humanity, Time for humanity from doctors towards patients, **667**
hyaluronic acid, Intra-articular therapy in osteoarthritis, **449**
hydatid cyst, Hydatid cyst of liver, **113**
hydatid disease, Hyponatraemia in a woman with a pelvic mass, **61**
hypercortisolism, "Osler's phenomenon": misdiagnosing Cushing's syndrome, **594**
hypertrophic osteoarthropathy, Progressive furrowing of skin with digital clubbing, **541**
hypoglycaemia, An informative tattoo, **402**
Severe relapsing sulphonylurea-induced hypoglycaemia: a diagnostic and therapeutic challenge, **120**
hypokalaemia, Metabolic alkalosis and myoclonus, **414**
Thyrotoxic periodic paralysis in western countries, **426**
hypokalaemic myopathy, The sweet cake that reaches parts other cakes can't!, **115**
hyponatraemia, Hyponatraemia in a woman with a pelvic mass, **61**
Metabolic alkalosis and myoclonus, **414**
hypoventilation, A case of reduced consciousness and hypoventilation, **242**

iatrogenic injury, Iatrogenic injury to the breast bud causing breast hypoplasia, **235**
image guidance, Image guided navigation system—a new technology for complex endoscopic endonasal surgery, **686**
immunoglobulin deficiency, Multiple brain abscesses in a patient with bilateral pulmonary arteriovenous malformations and immunoglobulin deficiency, **597**
immunosuppression, Dr William Coley and tumour regression: a place in history or in the future, **672**
immunotherapy, Dr William Coley and tumour regression: a place in history or in the future, **672**
industry, An industry based approach to colorectal cancer screening in an asymptomatic population, **646**
infant, Assessment and management of pain in infants, **438**
infant morbidity, Single megadose vitamin A supplementation of Indian mothers and morbidity in breastfed young infants, **397**
infection, Role of frozen section histology in diagnosis of infection during revision arthroplasty, **590**
infections, Infections and glycolipids, **185**
infectious mononucleosis, Deep jaundice in an adolescent, **544**
infective discitis, Unusual cause of infective discitis in an adolescent, **237**
inflammation, Acute glomerulonephritis, **206**
Drotrecogin alfa (activated): a novel therapeutic strategy for severe sepsis, **5**
Urinalysis for interleukin-8 in the non-invasive diagnosis of acute and chronic inflammatory diseases, **159**
informed consent, Completion of the audit cycle: standardised nurse-led information for patients, **652**
inguinal hernia, Gastrointestinal stromal tumour in an inguinal hernial sac: an unusual presentation, **707**
inpatient management, Inpatient management of diabetes: survey in a tertiary care centre, **585**
insulin, An informative tattoo, **402**
interleukin-8, Urinalysis for interleukin-8 in the non-invasive diagnosis of acute and chronic inflammatory diseases, **159**
intermittent pre- excitation, A young woman with palpitations, **479**
intestinal hepatodiaphragmatic interposition, An elderly man with chest pain, shortness of breath, and constipation, **180**
intestinal ischaemia, Surgical presentation of ischaemic hepatitis, **350**
intestinal obstruction, Abdominal pain and vomiting in an elderly diabetic woman, **709**
intra-articular therapy, Intra-articular therapy in osteoarthritis, **449**
iron deficiency, Iron deficiency anaemia: are the British Society of Gastroenterology guidelines being adhered to?, **226**
irritable bowel syndrome, Management of irritable bowel syndrome, **154**
ischaemic heart disease, Total arterial revascularisation as a primary strategy for coronary artery bypass grafting, **43**
ischaemic hepatitis, Surgical presentation of ischaemic hepatitis, **350**
ischiogluteal bursitis, Rice bodies in ischiogluteal bursitis, **220**

jaundice, Deep jaundice in an adolescent, **544**

job application forms, An audit of job application forms in response to adverts in the *British Medical Journal*, **117**
juvenile myoclonic epilepsy, Juvenile myoclonic epilepsy: under-appreciated and under-diagnosed, **78**

Kaposi's sarcoma, A gangrenous foot, **417**
ketoacidosis, Diabetic ketoacidosis in pregnancy, **454**
kidney, Acute glomerulonephritis, **206**

lactobacilli, Urogenital infections in women: can probiotics help?, **428**
laparoscopic cholecystectomy, Feasibility and safety of day care laparoscopic cholecystectomy in a developing country, **284**
laparoscopy, Laparoscopic colon resection with intraoperative polyp localisation with high resolution ultrasonography coupled with colour power Doppler, **533**
Legg-Calvé-Perthes disease, A limping 6 year old child with no history of illness or trauma, **179**
legionnaire's disease, Sinoatrial block complicating legionnaire's disease, **657**
leishmaniasis, Uncommon cause of hepatosplenomegaly in an immunocompetent patient, **478**
light intensity, Illumination of *x*-rays: the usual lights exposed, **99**
light reflex, Pupillary evaluation for differential diagnosis of coma, **49**
limping child, A limping 6 year old child with no history of illness or trauma, **179**
liquorice toxicity, The sweet cake that reaches parts other cakes can't!, **115**
lithotripsy, Treatment options for common bile duct stones, **178**
liver cyst, Hydatid cyst of liver, **113**
liver function tests, Evaluation of abnormal liver function tests, **307**
long QT, An unusual electrocardiographic abnormality, **539**
lumbar facet synovial cyst, Lumbar facet synovial cyst, **419**
lymph glands, Phantom lymphadenopathy. An association with chronic fatigue syndrome, **185**
Phantom lymphadenopathy. An association with chronic fatigue syndrome, **59**
lymphadenopathy, Phantom lymphadenopathy. An association with chronic fatigue syndrome, **185**
Phantom lymphadenopathy. An association with chronic fatigue syndrome, **59**

macrophages, Dr William Coley and tumour regression: a place in history or in the future, **672**
macular haemorrhage, Roth's spots: an unusual presentation of HIV, **108**
magnetic resonance imaging, Magnetic resonance imaging in rabies, **352**
Multiorgan involvement in thalassaemia major, **358**
malignant mesothelioma, Dyspnoea and a subcutaneous swelling, **243**
management, Management of stroke, **87**
marfanoid habitus, Bilateral popliteal aneurysms complicating adult polycystic kidney disease in a patient with a marfanoid habitus, **474**
masquerade, Red eyes, reduced vision, and vomiting, **542**
maternal supplementation, Single megadose vitamin A supplementation of Indian mothers and morbidity in breastfed young infants, **397**
median nerve compression, Primary care management of carpal tunnel syndrome, **433**
medical education, Aspects of higher training in emergency medicine, **458**

spinal intramedullary cysticercosis, A man with numbness and limb weakness, **355**
spine bone mineral density, Performance of clinical referral criteria for bone densitometry in patients under 65 years of age assessed by spine bone mineral density, **581**
spironolactone, Drug therapy in chronic heart failure, **634**
spondyloarthrosis, Neck pain disguised as spondyloarthrosis, **119**
spontaneous pneumothorax, Spontaneous pneumothorax: use of aspiration and outcomes of management by respiratory and general physicians, **345**
stable angina, Management of stable angina, **332**
sternoclavicular joint, A misdiagnosed potentially dangerous shoulder injury, **357**
stethoscope, The stethoscope: some preliminary investigations, **695**
stroke, Management of stroke, **87**
Present treatment options for atrial fibrillation, **67**
stupor, Pupillary evaluation for differential diagnosis of coma, **49**
subclavian artery, A misdiagnosed potentially dangerous shoulder injury, **357**
subcutaneous swelling, Dyspnoea and a subcutaneous swelling, **243**
subluxation, Rheumatoid arthritis and neck pain, **711**
sudden death, A young woman with palpitations, **479**
"sugar tumour", A rare cause of wheeze in a young adult, **543**
sulphonylurea, Severe relapsing sulphonylurea-induced hypoglycaemia: a diagnostic and therapeutic challenge, **120**
superoxide, Mechanisms of oxidative stress and vascular dysfunction, **195**
suspension, What should a suspended doctor do when his actions could save a patient's life?, **204**
syndrome of inappropriate secretion of antidiuretic hormone (SIADH), Hyponatraemia in a woman with a pelvic mass, **61**
syphilis, "Question mark" aorta, **121**

T wave alternans, An unusual electrocardiographic abnormality, **539**
tattoo, An informative tattoo, **402**
technetium-99m labelled red blood cell blood pool imaging, Technetium-99m labelled red blood cell blood pool imaging versus contrast venography in a patient with extensive blue rubber bleb naevi, **538**
technical difficulty, Objective evaluation of ERCP procedures: a simple grading scale for evaluating technical difficulty, **467**
temporal arteritis, Giant cell arteritis, **511**
temporary pacing, Regional survey of temporary transvenous pacing procedures and complications, **463**
thalassaemia major, Multiorgan involvement in thalassaemia major, **358**
thalidomide, Thalidomide and its derivatives: emerging from the wilderness, **127**
thallium poisoning, Thallium poisoning: emphasis on early diagnosis and response to haemodialysis, **103**
thrombocytopenia, A complication of hip surgery, **300**
thyroid carcinoma, Unusual complications of thyroid carcinoma, **55**
thyroid storm, An unusual case of relapsing Graves' disease, **662**
thyrotoxic paralysis, Thyrotoxic periodic paralysis in western countries, **426**
tongue, A misleading swelling of the tongue, **419**
trainee, Assessment of basic surgical trainees: can we do more?, **289**
training, New approaches to training general practitioners, **187**
trans-sphenoidal surgery, "Osler's phenomenon": misdiagnosing Cushing's syndrome, **594**
trench fever, From trench fever to endocarditis, **655**
triploidy, A conundrum from antenatal testing, **478**
Tropheryma whippelii, A diagnostic conundrum, **540**
tropical chronic pancreatitis, Tropical chronic pancreatitis, **606**
tuberculin, Paediatric tuberculosis, **272**
tuberculosis, An unusual cause for a colonic stricture: a case of *Mycobacterium xenopi* mimicking malignancy, **705**
Paediatric tuberculosis, **272**
tuberous sclerosis, An unusual cause of abdominal pain, **661**
tumour regression, Dr William Coley and tumour regression: a place in history or in the future, **672**

ultrasound, Laparoscopic colon resection with intraoperative polyp localisation with high resolution ultrasonography coupled with colour power Doppler, **533**
unstable angina, Are district general hospital patients with unstable angina at a disadvantage?, **93**
urinary tract infection, Urogenital infections in women: can probiotics help?, **428**

vasculitis, Giant cell arteritis, **511**
ventricular fibrillation, Aborted sudden death in a young male, **660**
Ventricular fibrillation during electrical cardioversion of pre-excited atrial fibrillation, **297**
ventriculomegaly, A conundrum from antenatal testing, **478**
vincristine, Hyponatraemia in a woman with a pelvic mass, **61**
vitamin A, Single megadose vitamin A supplementation of Indian mothers and morbidity in breastfed young infants, **397**
vitamin D, Comparative study of bone mineral density, calcium, and vitamin D status in the Gujarati and white populations of Leicester, **279**
vitamin deficiency, Oral vitamin B12 can change our practice, **218**
vomiting, An unusual cause of persistent vomiting, **178**

wheeze, A rare cause of wheeze in a young adult, **543**
Whipple's disease, A diagnostic conundrum, **540**
Williams syndrome, Facial and dental appearance of Williams syndrome, **241**
Wolff-Parkinson-White syndrome, A young woman with palpitations, **479**
Ventricular fibrillation during electrical cardioversion of pre-excited atrial fibrillation, **297**
wrist ganglia, Primary care referral protocol for wrist ganglia, **329**
written information, Completion of the audit cycle: standardised nurse-led information for patients, **652**

***x*-ray films,** Illumination of *x*-rays: the usual lights exposed, **99**

yeast vaginitis, Urogenital infections in women: can probiotics help?, **428**
